First **Project:**

Data Encoding & File Organization Task

During my immersion, I handled data encoding and organized different files. I learned the importance of accuracy, proper labeling, and keeping files arranged so they are easy to find and use.

Second **Project:**

Microsoft Office Tasks

I completed several tasks using Microsoft Word, Excel, and PowerPoint for school and office-related activities. I created formatted documents, simple spreadsheets with basic formulas, and clear presentations. Through this, I learned how to present information properly, organize data, and make documents look neat and professional
